

### FaLaLa Table Runner CORRECTION

Prewashing of your RED fabric is recommended. You may prewash all of your fabrics, if desired. If you decide to prewash your panels, please **double check your measurements before cutting**, as washing may distort the gray cutting lines.

\*Please note that if you prewash your RED fabric, your cutting instructions will change slightly. \*

**RED- Instead of (5) 2 1/2" strips, please cut the following:**

- (1) 2 1/2" x width of fabric strip. From this strip cut:
  - (4) 2 1/2" x 4 1/2" **(Block 2)**
- (4) 2 1/4" x width of fabric strips **(Binding)**

(All other cutting instructions for Red and other fabrics remain the same.)

Also, when washing your table runner, we recommend using a Color Catcher sheet.

Thank you!
